These are the results from our testing program in October 2009. You can also see the results of our testing in October of 2008. As you can see from the chart, not only are our students prepared spiritually, but our school prepares the students quite well academically. We beat the synod average and the national average in all subject matters in every grade. What a tremendous blessing we have at this school of a great curriculum and great teachers. Spread the word! This is something to get excited about!

If you have any questions about your child's specific test scores or their IQ total, please speak to Mr. Humann.
